

# BACK IN THE SADDLE

## President's Letter

Happy Summer Everyone!

I hope you, your family, and your horses have had a great summer so far. It is hot out there! Be sure to find a shady spot and drink plenty of water! A small group of us went to Hocking Hills, Ohio and then on to Troutdale, Virginia for a horse camping trip. It was wonderful! What beautiful places and nice people we met. If you have never been to Hocking Hills it is beautiful, but they have had a lot of rain, so it was also very, VERY muddy! We stayed at Pine Creek and Rocky Hollow Campgrounds. The owners at both places were so nice and very helpful! The highlands of Virginia are up in the mountains, so it was only around 75 degrees most days. Perfect riding weather!!

We need members to volunteer for the Tennessee Walking Horse Show at the Henry County Fairgrounds. We need help setting up, working the gates, passing out ribbons, taking down everything, etc. Contact Greg Wilkins if you can help us out and volunteer. It is July 7-9 with set up being on the 6th.

Another volunteer opportunity is the Muncie Dragway "Night of Fire". We sell tickets and help park cars. It is Saturday, July 30, 2022. If you can't work the whole day, any time you can give would be appreciated and it is a lot of fun!

If you want to volunteer for these events, please let me or one of the board members know.

Did you know that this is the 80th year of the Muncie Light Horse Club!? Wow! Send us your pictures of past events from the club! We would like to put something in the newspaper to celebrate this milestone. You can send them to me on Facebook or email them to me.

We are also thinking of having an 80th t-shirt design made for the club, and having a contest to enter your best picture of you and your horse or just your horse for a 2023 calendar!!

Please let me know if there is anything you would like to do as a club! I want this to be something you look forward to being a part of!

I hope to see all of you soon!  
God Bless and Happy Trails!

Lisa Cron  
MLHC President
